Team Selection

The Team Alberta North Ski Biathlon Team will be chosen based on the results of this event. The team will consist of up to 2 boys and 2 girls with birthdays 1997 to 2000 and up to 2 boys and 2 girls born 2001 or later. The total team will consist of 3 boys and 3 girls. Selection will be made by the Ski Biathlon Coaches, Michael Morgan and Davis Alton in consultation with Darcy Gullacher of Biathlon Alberta.

Athletes are expected to participate in both competitions at Calforex #1. Athlete ranking will be done based on the arithmetic average of the athlete's percentages for both of the competitions. For the athletes in the older Games competition category, birthdays 1997 to 2000, shooting percentage and race time per km will also be considered as there may be athletes skiing in 2 different categories within the Calforex. In the event that only 1 race takes place during the weekend, the selection committee will utilize the results of that race and any other pertinent information in making the team selection.

If there are medical factors in play that are expected to have an impact on athlete performance those must be disclosed to Michael Morgan at the time of registration. Those factors must be able to be substantiated by support documentation from a physician.

Alternate Selection Event

In the event that both Calforex Cup #1 races are cancelled, an alternate selection event will be identified in consultation with the coaching staff from the Clubs that have athletes in the event.

Percentage Calculation:

Percentages for each competition will be based on a percentage of the fastest time in the category under consideration, as follows:

For categories with one (1) entrant, the winner will be awarded a maximum of 90%.

For categories with two (2) entrants, the winner will be awarded a maximum of 95%.

For categories with three (3) or more entrants, the winner will be awarded a maximum of 100%

Example:

Winner-time = 20:00 min.; Athlete-time = 22:00 min

Percent = $20/22 * 100 = 90.90$

Percentages will be rounded to 2 decimal places.
